

REVIEW & RECOMMEND

Tenant Review & Optimization Offering

Maximize your Workday investment with Kognitiv's Tenant Review and Optimization service.

As your business evolves, your Workday environment should too. Our expert consultants conduct a deep-dive analysis of your tenant to ensure it remains aligned with industry best practices, operates at peak efficiency, and utilizes the latest features to drive your business forward.

Why Optimize Your Tenant?

- ✓ **Identify Efficiency Gaps:** Uncover configuration errors and "pain points" that may be slowing down your processes.
- ✓ **Unlock Hidden Value:** Identify powerful Workday features you already own but aren't yet utilizing.
- ✓ **Future-Proof Your System:** Receive expert guidance on new releases and more efficient ways to accomplish your goals.
- ✓ **Strategic Roadmap:** Transition from reactive troubleshooting to a proactive, optimized Workday strategy.

What's Included

Our review covers all major functional areas, including HCM Core, Absence, Talent, Performance, Time Tracking, Security, Compensation, Benefits, Recruiting, Integrations, and Financials. Each review includes:

- Functional Audit
- Issue Identification
- Consolidated Workbook
- Strategic Optimization List

Our Process

- 1 Alignment & Discover Meeting**
 Initial meeting to identify your team's key pain points and areas of focus.
- 2 Tenant Review**
 Review Workday tenant configuration against Kognitiv's leading best practices and recommendations.
- 3 Deliverable & Review**
 Present a prioritized, actionable list of targeted recommendations and solution strategies.

Get Started Today

Schedule a discovery call to target your goals and let Kognitiv handle the heavy lifting to deliver a clear, efficient Workday roadmap.
