

Why Kognitiv is Your Ideal Partner?

Let our expertise secure your integration's certification and prime marketplace placement

Unmatched Experience

Our integrations team has built solutions for some of Workday's largest software partners and supported over 500 Workday customers. Rooster, a custom solution for TA teams, was named a Global 2024 Innovation Award Winner by Workday.

Power by the Hour

Ad-hoc consulting from Workday experts with no minimums. Client-controlled engagement means you pay only for the expertise you use.

Competency Amplification

Our delivery approach centers around knowledge transfer, transforming your team's capacity for ongoing support and innovation.

Supercharge Your SaaS with Seamless Workday Integrations

Are you struggling to enhance your integration capabilities for Workday customers? Look no further! Kognitiv's ISV Partner Connect Program is here to provide software and solution providers with the essential tools and support to enrich their solutions for Workday's extensive customer base.

With our 3 flexible packages, your team can select the ideal level of support, without the burden of expensive overhead or lengthy ramp-up times. Unlock new potential and drive exceptional outcomes for your organization with Kognitiv.
