

Workday Contract Lifecycle Management

(powered by Evisort AI)

Turn Your Contracts into Actionable Data Assets

Transform Static Contracts into Strategic Assets. Stop digging through PDFs and start leveraging the data inside them. Workday Contract Lifecycle Management and Intelligence liberates your clauses from static files, turning hidden data into a competitive advantage that drives faster, smarter results.

Unlocking Innovation for Clients Across the Globe

Total Visibility & Operational Speed

- **"Ask AI" Natural Language Query:** Get instant answers with direct links to the source text.
- **Advanced OCR+AI:** Ingest and analyze contracts at scale from any source (Box, Salesforce).
- **Custom AI Models:** Track any term of interest, including company-specific data points.

Revenue & Cost Optimization

- **Interactive Dashboards:** Visualize spend, expiration trends, and financial obligations through customizable, real-time dashboards.
- **From Strategy to Impact:** Faster time to value with a streamlined 12-week implementation designed for immediate operational impact.

Risk Mitigation & Security

- **Multifaceted Industry-Leading AI:** Orchestrates traditional, generative, and agentic AI, including a proprietary Large Language Model (LLM) fine-tuned specifically for contract data.
- **End-to-End AI-Powered Workflows:** Allow users to generate standard contracts through guided intake forms.
- **Automated Redlining & Drafting:** Simplify negotiations while ensuring compliance with your organization's playbook.
- **Enterprise-Grade Security:** One of the world's first AI platforms to achieve ISO/IEC 42001 certification for responsible AI.

Identify Hidden Value

Instantly surface volume discounts and unclaimed rebates buried in complex agreements.

↑ **40%**

Operational Speed

Increase Legal/ Procurement productivity

2-4%

Revenue Integrity

Find "hidden" savings via unclaimed rebates.

↓ **30%**

Risk Mitigation

Reduce contract breach risk.

The Kognitiv Advantage: Implementation & Beyond

Kognitiv is a strategic partner for organizations seeking to move beyond a technical “go-live” with true business transformation.

Insight Rooted in Operational Reality

We don't just implement Contract Intelligence and Contract Lifecycle Management; we use it internally to run our global business. We share our “real-world” best practices with you.

Defining the Benchmark for Workday Excellence

We help you identify high-value use cases and train custom AI models to ensure you hit your ROI targets.

Sustainable Momentum Beyond Go-Live

Our “Power by the Hour” model provides on-demand support for new model training and dashboard refinements—with no minimums or long-term locks.

Continuous Optimization

As Workday releases new AI features, we manage the updates for you—refining your “Ask AI” queries, training new models, and expanding the tool into new use cases and departments.

Global Boutique Scale

A dedicated team of 200+ experts worldwide offering personalized attention with world-class reach.

Trusted By Industry Leaders

The “Easy Button” for Workday success, trusted by brands to drive long-term value beyond go-live.

Go Beyond the Data, Start Mastering Contract Intelligence

Is your contract data working as hard as you are? **Schedule a Strategy Envisioning Session**, together we will identify the top three high-value use cases for Workday Contract Lifecycle Management and Intelligence in your organization. We'll show you how we use it ourselves and how we can help you achieve 100% satisfaction on your journey to contract intelligence.
