

Achieve Turnkey ACA Reporting on Workday®

Kognitiv's ACA solution integrates seamlessly with Workday®, ensuring timely and accurate compliance with individual state reporting mandates.

Simple, accurate, and timely yearly ACA reports – on your schedule, not ours.

Compliance with state ACA reporting requirements can be a manual, time consuming process that steals cycles from mission critical objectives. Moreover, the cost of filing late or inaccurate reports can be financially devastating to your business.

Kognitiv's new ACA Reporting Solution is the gold standard in these mandatory state filings for Workday® customers.

Kognitiv delivers a full range of Workday® Benefits and ACA support to hundreds of customers every year. Our Solution has been developed with a combined 75 years of Workday® Benefits expertise.

Description:

- ✓ Updated automatically to reflect changes each year
- ✓ Early access to Kognitiv's connectors, providing additional weeks of time each year to complete the filing process
- ✓ Unlike other tools, our solution lives in your Workday® environment, allowing activities to be completed on YOUR timeline, not ours
- ✓ Connectors for new states requiring ACA filing provided at no additional cost
- ✓ Access to 150+ Workday® experts for additional support for any ACA project
